

IDT Wins Prestigious Inspur Best Support Award 2018

August 22, 2018

Award Received in Recognition of Excellent and Consistent Performance and for Supporting Technology Leadership in Timing and PCIe Gen3 Retimer Development

SAN JOSE, Calif., Aug. 22, 2018 /PRNewswire/ -- Integrated Device Technology, Inc. (IDT) (NASDAQ: IDTI), today announced that Inspur, China's leading cloud computing and big data service provider, has honored IDT with a *Best Support* award in the Hardware Components category. IDT was recognized by Inspur for its excellent and consistent performance in 2017 and for supporting technology leadership in Timing solutions and PCIe retimers.

"We are honored to receive such a prestigious award from one of our key strategic customers," said Andy Lai, vice president, Greater China at IDT. "For more than a decade, IDT has been committed to supporting Inspur in all aspects of the business, including on-time delivery, quality and innovative system solutions. IDT's high-performance products have enabled Inspur to develop differentiated solutions that address the cloud server markets."

"IDT has shown its full commitment in supporting Inspur with cost-efficient technology innovations that help meet the time-to-market goals of our server and storage products," said Steven Xi, GM of strategic procurement at Inspur. "At the same time, IDT is driving a very high standard of quality, as well as maintaining an industry-leading supply chain. IDT's performance was consistently excellent during 2017 in all aspects. We would like to thank IDT for their support and collaboration."

The Inspur Supplier Recognition Award was presented on June 14, 2018. For more information about IDT's market-leading Timing products, visit idt.com/timing.
